a= 2−Layer CNN on projected data to 2D (Single View) and Object Segmentation with 3D DBSCAN
b= 2−Layer CNN on projected data to 2D (Using perspective projection) and Object Segmentation with 3D DBSCAN
c= 4−Layer CNN on projected data to 2D (Single View) and Object Segmentation with 3D DBSCAN
d= 4−Layer CNN on projected data to 2D (Using perspective projection) and Object Segmentation with 3D DBSCAN
